**Subject:** This is also good for restaurants

Sorry to bombard your inbox with all this... but Here's a good restaurant Covid handout from national restaurant association.

I have reached out to all my landlord's now 3 times with very few responses. Those that did respond didn't have many NEW ideas that the CITY could do but many ideas of what the tenants could do in preparation for the reopening. Here's a brief summary of some of my notes:

Restaurant and retailers ability to spill out into common areas, sidewalks and streets as necessary including consumption of alcohol- City to waive or reduce fee and expedite permits .

Relaxed/flexible restrictions on store hours (allowing for special senior or health impaired shopping/dinning hours)

Allow installation if Social Distancing signage, city to waive or reduce fee and expedite permits

Sales Tax breaks (of course 😊)

Designate specific pickup area, and curbside short term parking for delivery services.

Continue the community outreach and joint marketing efforts with city and private cooperation to notify all residents and business that Morgan Hill is open for business again and guidelines rules for Covid 19 social distancing practices. Perhaps try a city wide Texting and Social media campaign...

Provide free Moran Hill branded facemasks and disposable gloves.

Create establish drive thru Covid testing locations . If already in place provide a map with locations and hours

How can we help get the personal service business up and running sooner?

**Ideas Landlord's & Tenants ( Not sure how the city can help with these items):**

Center Branded Facemasks and gloves

Special promotions to attract customers back to the centers

Install handwashing and sanitation stations throughout center and downtown

Staggering customers in shifts

Special hours for Senior and health compromised

Have PA or music systems add social distancing messages

Allow pop-up windows and locations

Provide uber eats to drive up/pick up location is unused handicapped spaces

Install social distancing signage and Masks required to enter at every entrance and in key common areas

Incorporate touchless pay options

Social distancing and shopping guidance markers

Restrooms for employees only

Partner with a Sanitation Consulting firm

Kindest regards,

**Dixie D. Divine**
